

CAMHS in Norfolk

The majority of children and young people develop healthily and are fully supported by universal services. However some children and young people may, at times, need additional targeted and or specialist support services whilst accessing universal services.

Child and Adolescent Mental Health Services (CAMHS) are working to promote continuous care across:

- ➔ **Tier 1 – Universal services** For all children and young people
- ➔ **Tier 2 – Targeted services** For children and young people with mild to moderate mental health needs
- ➔ **Tier 3 – Specialist services** For children and young people experiencing moderate to severe mental health difficulties
- ➔ **Tier 4 – Highly specialist services** For children and young people experiencing severe and complex mental health difficulties and illness
