The Local Offer User Forum

This forum meets 4 times a year and is made up of parents and representatives from organisations who support children and young people with SEND. The purpose of this group is to review the Local Offer and decide how it can be improved. If you are a parent / carer and would like to be part of this group please contact the Local Offer team at send@norfolk.gov.uk

What will a setting do if they are concerned about my child's progress?

All children are individuals and have different abilities and ways of learning. But what can and should an education setting do if they have concerns about your child's progress?

The Local Offer website has a series of pages that explain what settings will be doing, from trying different ways of teaching, through to the formal SEN Support process. These pages can be found at [[SEND Local Offer > Special educational needs and disabilities](#)].
