**Single Issue Silica Sand Review  
Publication of Pre-Submission Addendum:  
Modifications**

Norfolk County Council, as part of its work on Minerals Site Specific Allocations DPP - Single Issue Silica Sand Review, has prepared Modifications to this document. The Modifications can be summarised as follows:

- Amending the southern boundary of Area of Search AUS D located in the parishes of East Wymondley and Pentney northwards to within the existing woodland and Dersingham is no longer allocated and will therefore be deleted from the Silica Sand Review. No replacement Areas of Search are proposed for silica sand extraction.
- Amending the Areas of Search Policy requirements for a Landscape and Visual Impact Assessment and Heritage Statement.
- Amending the Specific Site Allocation Policy S101 requirements for a Landscape and Visual Impact Assessment.

Further information is provided in the Modifications document. The 'Pre-Submission Addendum' occurs entirely within West Norfolk to supporting documents, are published to enable representations to be made about the proposals (whether it is justified, effective, positively prepared and consistent with national policy) and legal compliance of the modifications. The period for making representations on the 'Pre-Submission Addendum: Modifications' is between **9am on 14 September 2016 and 5pm on 27 October 2016**. Only the Modifications are subject to this representations period, so any representations on other matters will not be accepted. Any previously made representations on the Modifications must be repeated if they are unchanged. Any representations on late representations will not be accepted during the representations period. Direct online representations are the preferred method of response.
