

Norfolk Public Health Grants for Sexual Health

Clarification of questions – 6 January 2017

Questions & Answers

Q1 – The Form F: Proposal section of the application pack form states:

‘Form F applications: questions 2-10 to not exceed 2500 words excluding appendices, beyond this point it will be disregarded’

Does this mean a combined 2500 word limit for all questions 2 – 10 or a 2500 word limit for each question?

A – The word limit is a combined total of 2500 for questions 2-10 and not 2500 for each question.

Q2 - Section C2 References does not make it clear whether we are expected to provide two written references from our referees or simply just provide the contact and other details for the referees and you will then contact them to ask for a reference.

A - Please provide only the contact and other details relating to the referees. Applications are not required to provide written references.
