I, Dr David Ormerod of Mill House, 7 Mill Lane, Swaffham, Norfolk PE37 7EU hereby apply for an order under section 53(2) of the Wildlife and Countryside Act 1981 to modify the definitive map and statement for the area by:

Re-establishing Green Lane in Little Cressingham as a public right of way with a Footpath designation, extending from its origin at grid-point TF 86580041 passing northwards and northwestwards to a bifurcation at the Great Cressingham parish border at TF 86170097, then turning ~~eastward~~^{west} along that parish border to end back on Fairstead Road at TF 85560087. The route is neither currently on the Definitive Statement or Map. The width is that shown excluded from the hereditaments on the Finance Act 1910 IRS Duties on Land Valuation map, and the request is conditional on there being are no limitations or conditions on the use of the route by the public of which the supplicant is not aware.

The Little Cressingham Village Council have undertaken considerable work over the last decade to rescue Green Lane from its former disuse and maintain the pathway in an excellent condition. The locality has lost many public thoroughfares owing to the close proximity of the military Stanford Training grounds. This is therefore a particularly valuable public footpath.
