1 Corrections to the Applicant's Statement of Reasons (Application Document Reference 4.1)

1.1 *Correction of errors in the internal cross-referencing in section 7 of the Statement of Reasons to the Appendices thereto.*

1.1.1 The Applicant has recently reviewed the Statement of Reasons (Application Document Reference 4.1) which was submitted with the Application. Section 7 of the Statement of Reasons contains some inaccurate cross-references to Appendices 1 and 2 thereto.

1.1.2 This correction resolves those inaccuracies by replacing the cross-references to Appendices 1 and 2 in paragraphs 7.1.3, 7.1.4 and 7.1.5 with references to Tables 1, 1A, 2, 2A, 3 and 3A in Appendix 1, as shown in bold in the text below.

7.1.3

Table 1 in Appendix 1 details the land in which the freehold interests (and any other interests) are proposed to be acquired (i.e. outright acquisition of the land). This land is within the limits of deviation for the NDR works that are shown on the Works Plans (document reference 2.3). The purpose of acquiring the land outright is to enable NCC to construct on that land the permanent works and to undertake the other specific activities detailed in **Table 1A of Appendix 1** to this Statement.

7.1.4

Details of the land over which existing rights are to be acquired (i.e. extinguished) or over which new rights are to be created in favour of NCC are set out within **Tables 2 and 2A of Appendix 1**. These rights are required in order to construct and carry out maintenance of the works.

7.1.5

Appendix 1 also contains **within Tables 3 and 3A** details of the land of which NCC requires temporary possession. The purpose of using the land detailed as being required temporarily is to provide essential work sites and access, compounds, storage areas and working space to construct the NDR. These uses of the land are required temporarily as essential aspects of the construction process.
