Note not forming part of the Statutory Notice

The Definitive Map and Statement of Public Rights of Way in the County of Norfolk is a record of rights of way in the County. This application has been made because it appears that a public right of way exists which has not been recorded in the Definitive Map and Statement or is under-represented based upon historical evidence.. A definitive map modification order will not create new rights but will just record those rights which already exist. This application is made in order to assist the County Council to meet its statutory duty to record public rights of way. For further information, please contact the Norfolk County Council Case Officer on 0344 800 8020. Notes on finding and interpreting evidence of highway status can be found at *Rights of Way: Restoring the Record* ISBN 978-0-9574036-1-1.
