

Walsham Wood Circular

4.75 miles / 7.5km

This walk starts at Felmingham Station car park, Felmingham. Get onto Weavers' Way by the track from the car park and continue on it until you find steps on your left, just past the butterfly reserve.

Walk up these steps to get onto Felmingham FP2 and at the centre of the field, turn left onto Felmingham FP3. At the end of the path, turn right onto Church Road and then left onto Cross Road. Turn right onto Skeyton FP2 and then right again onto North Walsham Road before turning left onto Skeyton FP5. This path then turns into Swanton Abbott FP10. At the end of this path, turn left along the road and then right again onto Swanton Abbott FP8. At the end of this path, take a sharp left onto Swanton Abbott FP11 and head north along the edge of Walsham Wood.

Continue north along North Walsham FP6. At North Walsham FP8, turn left and follow the path as it turns into North Walsham BR16 and North Walsham FP9. At the junction of Skeyton Road and Felmingham Road, head straight on along Felmingham Road before reaching the railway bridge of Weavers' Way.

At the bridge, you will find steps to your left – head up these onto Weavers' Way and take a left at the top. Follow Weavers' Way westwards until you reach Felmingham Station, where you began this walk.
