

Figure 1E. Requested Reference Map: Ordnance Survey 2nd Series composite 25-inch Map of E&W, principally of Norfolk Sheets 13.15, 13.16, & 14.13, 1905. There can be no guarantee that this is precisely the current disposition because of unregistered agricultural changes; satellite maps are more apposite. Red = unregistered way; Yellow = Dersingham FP1; Orange = current Dersingham BR 2/2a. Point E is approximate owing to an unregistered change of route adjacent to the Decoy. The application route comprises all three coloured sections - as a restricted byway.
