For Immediate Release

22 January 2024

Road Closure B1116 Harleston Shotford Road for resurfacing

Work is due to start on Sunday 28 January - 4 February to resurface the B1116 Harleston Shotford Road from 150m south of the junction with Northgate to and including junction with Needham Road. Includes the junctions with Pemberton Road, Southgate, Northgate and Spirkett's Lane.

The work to replace the worn-out surface is expected to take one week to complete, subject to suitable weather conditions.

It will be necessary to close the road to through traffic while work is underway. Vehicle access to properties will be maintained, however there may be some delays at times as work takes place in front of driveways – members of the site team will be able to allow access as required. Pedestrian access will be maintained at all times. A fully signed diversion route for vehicles will be in operation for the duration of the works from Sunday 8am-6pm, weekdays 6pm-11pm. No work will be taking place during the day on the Saturday.

The County Council thanks people for their patience while this surface improvement work is carried out.

The work which will cost £117,000 will be carried out by Norfolk County Council's Community and Environmental Services Department and their contractors.
