## Road Closure on New Road, Burnham Overy Staithe Pavement Resurfacing

Work is due to start from Monday 20 May 2024 to resurface the pavement of New Road, Burnham Overy Staithe from the junction of the A149 for a distance of around 250 metres. The work is expected to take 5 weeks to complete, weather permitting. Please see enclosed site location plan showing the area of path being resurfaced.

The work will see the old, damaged pavement surface, damaged kerbs removed and replaced with new kerbs, a brand-new asphalt surface laid and junction resurfacing. The work will be carried out between Monday 20 May 2024 and Tuesday 18 June 2024, the operating hours are from 7:00am to 7:00pm.

To safely complete the improvements, New Road will need to be closed to through traffic until work is complete. Vehicle access to properties, business and the village hall will be maintained at all times. A fully signed diversion route will be in place whilst the road is closed.

The County Council would like to thank people for their patience while these pavement improvement works are carried out.

The work which will cost approximately £60,000 will be carried out by Norfolk County Council's Community and Environmental Services Department and their contractors.
