For immediate release

20 May 2024

A1076 Gatton Road, Kings Lynn Carriageway Resurfacing

I am writing to inform you that Norfolk County Council intends to carry out road resurfacing works on Gayton Road, Kings Lynn From A148 Wootton Road to Winston Churchill Drive. The work to replace the old worn out surface is due to start on 31 May 2024 and take 1 night. Reinstating of the road markings and road studs will take place on the 10th June for 1 night, weather permitting.

Due to the construction work involved and to maintain a safe working environment and protect the public it will be necessary to close the road to through traffic each night while the work is underway, between 7pm – 6am. Access to properties within the limits of the works will be maintained however due to the nature of the work there may, on occasion, be delays with vehicular access along the road.

During each night of works - between the hours of 7pm to 6am – the road will be closed.

A fully signed official diversion route will be in place whilst the road is closed. We're grateful for your patience while this road resurfacing work is underway.

If you have any queries or questions, please do not hesitate to get in contact with me on the above e-mail address or alternatively write to above address to FAO Paul Cator, I will be happy to answer any queries you have.

For information, I have enclosed the road diversion plan.

The work which will cost £53637 will be carried out by Norfolk County Council's Community and Environmental Services Department and their contractors.
